

SE Lab – 1

Book Club Reading Challenge & Discussion Portal

Requirements Table

Req ID	Type	Description	Priority	Acceptance Criteria	Rationale
FR-001	Functional	The system shall hide spoiler comments until the user chooses to reveal them or marks the chapter as read.	High	Spoiler content stays hidden until revealed.	Avoids accidental spoilers.
FR-002	Functional	The system shall allow members to set a personal reading goal and allow the Administrator to manage the reading challenge.	Medium	Members can save their reading goal, and the Administrator can manage the reading challenge.	Helps organize and track reading goals.
FR-003	Functional	The system shall allow members to update the number of pages they have read.	High	Reading progress is updated and shown correctly.	Helps members track progress.
FR-004	Functional	The system shall allow members to post comments in chapter discussions and allow the Discussion Lead to manage discussion threads.	High	Members can post comments, and the Discussion Lead can manage the discussion threads.	Supports organized book discussions.
FR-005	Functional	The system shall allow members to vote for the next book and allow the Administrator to manage the monthly poll.	High	Members can submit one vote, and the Administrator can manage the poll options.	Helps the club select the next book.
NFR-001	Non-Functional	The system shall prevent duplicate votes and update poll results in real time.	High	One user cannot vote more than once, and results update after voting.	Ensures fair voting.
NFR-002	Non-Functional	The system shall be easy for members to use and understand.	Medium	Users can access the main features without confusion.	Provides a better user experience.
